Harvest Queen Festival And Ball Sat. Eve.

City Park Is Named For Mrs. Gladys McDonald

"I JUST CAN'T BELIEVE IT" is clearly written in the overwhelmed expression on "Mrs. Mac's" face with the surprise unveiling of the marker Sunday at ceremonies naming Belle Glade's City Park for her. The marker reads: "McDonald Park - dedicated to Gladys R. McDonald - March 1962. Tribute to Service, City Commissioners and Citizens - Belle Glade, Florida." At right are city employees W. L. Cunningham and Mrs. Bettie Harris and on the left Com. Jalmor January.

"Well Done Thy Good and Faithful Servant." These words could well have been spoken Sunday afternoon when the City Park was named for Gladys R. McDonald. A crowd gathered to pay homage to this employee who has served the city over fifteen years. When "Mrs. Mac" started her flower and landscaping crusade she was not on the City payroll. Money came from her own pocket to buy seeds, plants, and trees. She was later put on the City payroll at a token salary. Not until toil and efforts had manifested themselves was she made a Department head and put in charge of the City Park.

She and her "baby sitters" have helped raise the children of Belle Glade. Her coaches' whistle still brings the grown ones to attention. She has been generous in her supply of flowers to all and for all occasions.

Several months ago "Mrs. Mac" told city officials she was tired and wanted to spend more time with Mr. Mac. They have reared a large family, five children, and now have several grandchildren and one great grandchild. The City Fathers got their heads together and decided she would be kept on in a consultant capacity. Her time is her own now, but she is still one of the City family and will always be both the Commissioners and the citizens realize the worth of this woman. For that reason she was honored now instead of posthumously.

"Mrs. Mac" can sit on her porch at 553 S. Main and look across the street at McDonald PARK and she still picks up the whistle when she sees someone out of line at HER

Belle Glade Students Place In Palm Beach Dist. Science Fair

At the District Science Fair held at Palm Beach Junior College, March 22nd and 24th, Belle Glade High School was well represented by ten students recommended by the judges at the local Science Fair held two weeks ago. The local Science Fair was under the sponsorship of Mr. W. R. Groover, head of Belle Glade High School Science Department, and Mr. Carl A. Hill, Jr.

Postoffice "Brains" Muddling Along?

Months and months ago, Belle Glade was informed that "we would have a new post office soon" - by February sometime, we believe.

The local office is squeezing by with present facilities and the patrons are suffering, with some snafu, undetected, or unexplained, as far as you and I are concerned.

The boys in Washington have about convinced the Administration that they need some 700 million \$ more, to do more muddling hell bird stamps, distributing forms, and handling millions and millions of pieces of unnecessary and unread propaganda out of Washington.

Read Russell Kay's "piece" on the editorial page of THE HERALD this week.

Vernon L. Dexter Attends Convention

Vernon Dexter of Glades Gas Company will return this morning from Atlanta, Georgia where he has been attending an L.P.G. Convention Monday thru Wednesday of this week.

County-Wide Citizens Committee To Study Area Law Enforcement

Poining out the "full trust of the average citizen" in our grand jury system as one of a few governmental agencies to regard the Belle Glade Rotary Club called on our County Commission to "furnish the leadership in the organization of a representative group of citizens to study, propose and make recommendations for solving this unfortunate dilemma in law enforcement by existing agencies including investigation, prosecution and the judiciary" in a resolution passed by Rotary recently.

Reciting that the last Grand Jury appealed to the citizenry to "take cognizance of these conditions," the resolution declares the "action has for its sole purpose the preservation of our AMERICAN form of government."

No Serious Damage Early Sunday Fire

The Belle Glade Fire Department was called out early Sunday morning on account of a fire in an apartment in the rear of Ina's Beauty Salon. It is reported that occupants discovered the fire after it had reached dangerous proportions inside of the apartment, but escaped without bodily injury.

The department reports damage to the building of no major consequence.

More than a hundred listened Friday to tabulated results of programmed breeding for superior poundage of calves at birth and at three month intervals until prime selling age, at the Everglades Experiment Station's Beef Cattle Field Day.

Records demonstrated results from grass-fattened animals with advantages of black-strip supplement, and the necessity to furnish minor elements to assure the assimilation and full advantage of the high TDN of Glades crops.

A full day, with lectures in the morning, and supplemental reports printed for general distribution, in the afternoon field trips allowed inspection of trials now being carried on.

Joined at lunch by the Belle Glade Rotary Club, in it's regular meeting, the group heard M. U. (Red) Mount, PB County Agricultural Agent review the early tribulations of those interested in cattle in the muck lands of the Lake Okeechobee area. Red told of the elimination of the breeding problems thru work of the Florida Experiment Stations, and especially the Everglades scientists.

Dr. Thos. E. Bregger Dies Suddenly

A patriot, a Scientist, a father and a tireless community and church worker was called to his Reward Wednesday morning leaving behind lasting imprints on the quality of his life. Dr. Thos. E. Bregger died of heart attack in his home at 8 N. W. Avenue E, Belle Glade one day before his 72nd birthday.

A hold-over feeling from a recent flu attack prevented Doctor from accompanying his wife, Marie, to services at the St. John the Apostle Church at seven A. M. Wednesday morning. Following services and a short visit with a neighbor, Mrs. Bregger, investigated when her great-grandson was not returned, and found Tom not breathing, though apparently asleep in his customary (Continued on Page Five)

Thirty-Seven Beautiful Girls vie For Crown

The Harvest Queen Festival will be held this Saturday evening at the Belle Glade High School Auditorium at 7:30 p. m. Plans are being finalized for the contest according to chairman George Riddle.

Thirty-seven young ladies are entered in the Festival. Rehearsal for the girls will be Friday evening and Saturday morning. The Jaycees have been busy for many weeks getting contestants lined up and piecing the program together. This year a new program has been added - a dance for the teenagers at the new Civic Center.

Friday night and Saturday will be spent getting the stage for the Festival at the auditorium. There are tables to set up at the Armory for the Harvest Queen Ball, and the Jay-Cettes will be busy Saturday afternoon decorating for the dance.

Along with these few and sundry things, there are judges to greet and entertain until contest time, last minute regrouping, and going over all the forgotten items. At 7:30 p. m. there won't be but one thought on the Jaycees' minds - "Next year we'll..."

The Jaycees say this year's festival is really a great one. The girls will be there Saturday night and so will the boys. WILL YOU?

Mar. 31 Proclaimed "Poppy Day" Here

Memorial poppies which will be worn in Belle Glade on Poppy Day, March 31, 1962, have been made by disabled veterans at the Veterans Administration Hospital, Coral Gables, according to the American Legion Auxillary.

The red crepe paper flowers, which are worn as a tribute to the nation's war dead each year, are distributed by volunteer workers under the direction of the American Legion Auxillary. Mrs. Esther Ringo Auxillary Poppy Day Chairman, has announced that 1,000 poppies have been received here this year.

"Making poppies provides gainful employment and needed work therapy for thousands of our servicemen still hospitalized with wartime injuries. These tiny replicas of the wild poppies which lined the battle fields of Europe during World War I have become the emblem for personal remembrance of our servicemen's sacrifices," Mrs. Ringo said.

This year more than twenty-five million (25,000,000) of the colorful paper flower have been made for the Auxillary by hospitalized veterans of both World Wars and the Korean Conflict. Mrs. Ringo explained that making the poppies has provided beneficial employment for these veterans during the winter and spring months. All donors are requested to go directly to either veterans or members of their families.

L. L. Price in Hospital For Exploratory Surgery

Mr. L. L. Price, Executive Secretary of the Chamber of Commerce is in Victoria Hospital, Miami for exploratory surgery. L. L. appears to be resting well as he sends word "no flowers - give the money to the cancer drive instead."

Scientific Management Gives Results In Breeding, Feeding Of Native Crops

Dr. A. Daana's "cow cafeteria" on the present site of the building in which the meeting was held, was an item of great interest to all attendees, because the test animals demonstrated the palatability and effectiveness of St. Augustine and other grasses.

Fertilization, disease prevention and cure, control of insects and plant diseases of forage and effective supplemental feeding are among the problems studied and solved thru years of scientific work.

Dr. Thomas Forsee, and numerous members of his staff were aided by Kent Price of Red's staff and Frank Pohill of Clearview in "getting over" the many lessons on "Cowology."

Snatch and Mug Artists Nabbed In Early Morning

James Evans and Jerry Rawlings, Jr. were nabbed early Tuesday morning on a charge of "vagrancy," and were on their way to another county for alleged incidents of purse snatching and "mugging."

The arresting officers learned of the offenses of the two through questioning of the boys.

Do YOU Know Your Fla. Traffic Signs?

"I'd bet nine out of ten failed the test" a Lion member wagged early following the Wednesday meeting of the Club at which Sgt. Tom Hodges of FHP West Palm Beach, conducted a program on Safety Education concluded by a written test given to Lion members on traffic signs and driver's information.

The quiz, which it is reported will be given in turn to every civic club in the area, places emphasis on learning Florida highway signs by their shape.

"Each sign has been placed on Florida Highway system for your benefit," the Sergeant reminded his audience. The shape and color of each sign have definite meanings, corresponding to the sign's message.

The speaker also explained the law and penalties imposed for fast, reckless operation of a vehicle.

Corporal Blocker of Pahokee Highway Patrol assisted Sgt. Hodges in conducting the test. They were collected to be forwarded to main office in Tallahassee.

When Oh When?

Another hurdle of red tape has been made towards getting a new postoffice in Belle Glade - Morris N. Broad, a Miami Contractor has purchased the proposed site from the local Legion Post, according to reports!

If the Postoffice Department takes time off its efforts to raise the appropriation bill half a billion or more maybe we'll get a new postoffice building by Xmas, we don't know what year!

"STRAIGHT TALK"

Following are a few bull's eye shots by Tom Anderson, publisher of the Mississippi Farmer:

"The good old days: Back when the only thing your wife owned was a cup of sugar, to the next door neighbor."

"Parity: A government program to make every farmer as poor as his neighbor; return to serfdom with the government as the master."

"Capital punishment: The government taxes you to get capital to go into competition with you and then taxes the profits on your business in order to pay the losses on . . . government businesses."

"Dictionary: The only place where SUCCESS comes ahead of WORK."

"Perpetual: Duration of any government hand out program, once begun."

"Mother hen: A symbol of the federal government—formerly known as the eagle."

UNCLE DAN from DOOLIE says:

Dear Mister Editor:

I see by the papers where a Congressman from Georgia says the Government has got to spend another \$10 million this year to get rid of hog cholera. That's one item that I don't have no trouble getting through the Congress. These same Congressmen that voted again getting rid of ignorance with Federal aid to education will vote solid to get rid of hog cholera. Long ago they took note of the political fact that more votes is in pig than in education.

Speaking of education, I was reading a piece in a magazine where teachers in some cities are "gravely concerned over the rising hemline" among high school girls. I reckon this is ten-dollar talk meaning high school girls are exposing too much leg. The piece said it had got so serious in some parts of the country that 37 girls was suspended from one high school in New York. I ain't acquainted with these things well enough to pass an opinion on it. When I was a boy nobody ever spoke of a girl having legs. They was referred to in a very low voice as limbs.

But I do know some changes in the attitude of women in these matters has took place down through the years. I recollect when I was a boy, for instance, that when a windstorm come up the women folks would always grab for their skirt. Now they always grab for their hat.

I bring up this hemline item at the country store Saturday night and Ed Doolie claimed hemlines has been rising now for some time along young and old alike and the matter ain't worthy of much attention. He says about all this magazine piece proves is that the high

school girl is more interested in her frame than she is in her frame of mind and they ain't nothing wrong with that, in these times. In fact, allowed Ed, it was right smart thinking. As long as a feller picks out his girl from looking at her hosiery instead of looking into her heart, claims Ed, the frame is the thing.

But it could be, Mister Editor, that Ed is a little too broad-minded on the subject of hemlines. Ed wastes television a heap and some of them women on television can get a feller confused about both hemline and necklines. I would like to get a opinion from that school teacher that has been fussing about my spelling and grammar. It would be nice to get a letter with the spelling and grammar done real proper, even if her opinion was all wrong.

But gitting back to them Congressmen, I see by the papers where both the Democrats and Republicans in this new session of the Congress is setting up homes that has been fussing about my spelling and grammar. If I recollect right, ever Congress since George Washington has set up someone to help the farmer. What they actual want to do is help him mark his ballot.

Yours truly,
 Uncle Dan

Too Late To Classify

By Russell Kay

Uncle Sam has another Post Office headache. Again he is reaching for the rate increase bottle in the hope it will relieve his suffering, a postal deficit of \$350 million a year.

The label on the bottle reads: HR 7927. Its major provisions as amended provide for: (1) First class postage increase from four cents to five cents.

(2) Second class postage increase. A one-cent surcharge per piece on magazines and newspapers.

(3) Third class postage increase from two and one-half to three and one-half cents per piece for business and other circulars.

These increases, together with other provisions of the bill it is estimated would provide around \$300 million and go a long way toward balancing the budget.

Indications are it won't do anything of the kind. The President has already recommended another increase for postal workers which Congress seems inclined to pass. This would add \$300 million to present postal operating costs. Thus we go around in circles, with no end in sight.

The proposed increase imposes a burden on newspapers and magazines that will force many of them to go out of business, magazines like the Atlantic Monthly, Harper's Saturday Review, Reader's Digest, The Saturday Evening Post, The Farm Journal and others.

Our better magazines have

been having a tough time as it is. The total profits for the 35 biggest magazines in 1960, a relatively good year, was only 1.7 per cent. Take the Atlantic Monthly as an example. Publisher Donald Snyder calculates that the proposed postal rate increase would cost his publication an additional \$115,000 a year or more than seven times the before-tax profit the magazine earned last year.

If we continue to increase postal rates as the only solution to postal deficits we will destroy our best cultural and educational publications and still have an ever mounting deficit.

What we should do is eliminate costly services now handled by the post office department that have nothing to do with the mails. Handling registration of millions of aliens each year, selling migratory-bird stamps, distributing forms for the Census Bureau and Peace Corps, handling tons of mail for boards, bureaus, members of Congress and others for free. These non-postal services are costing the taxpayers \$400 million a year.

It is imperative that postal operations be modernized. We are still handling the mail as we did 100 years ago. Other countries have sharply reduced costs by employing modern methods. We distribute mail by hand. The Netherlands does it faster and more efficiently by machines at far below the cost of our antiquated method. Even a 10 percent reduction in operating costs would save over \$400 millions.

Observe Poppy Day Sat. Mar. 31st

Belle Glade, Florida
 28, March 1962

I hereby proclaim the 31st day of March, 1962, to be Poppy Day in the City of Belle Glade. I strongly urge that all our citizens observe this day by wearing a memorial poppy.

Clyde Parrish
 Mayor of Belle Glade

Income Tax Man Says "Get Report Right"

Laurie W. Tomlinson, District Director of the Internal Revenue Service, announced today that the allowance of a substantial number of 1961 income tax refunds is being delayed because taxpayers reporting income from rents, royalties, pensions, etc., or dividends and interest of \$200 or more on line 5 of their Form 1040 are not submitting with their returns a Schedule B giving details relating to such items of income as required by the instructions.

This delay can be held to an absolute minimum Mr. Tomlinson added, if taxpayers will act promptly when they receive the necessary forms and instructions from his office. He went on to say that those who now recall having failed to submit the required schedules with their returns should do nothing until they hear from his office, since it is only in this manner that the returns and schedules can be promptly associated.

Director Tomlinson urged that those taxpayers who have not yet filed their returns examine them carefully and see that they are accurate and complete in every detail before sending them to the internal revenue district office.

Girl Scouts To Celebrate 50th Anniv. And Sponsor Juliette Low Ingathering

A half-dozen teen-aged girls chattering and laughing, crowd the rails of the ocean liner and wave excitedly to parents and friends on the pier as the ship moves out to sea. Although they have never met before, they treat each other like old friends. This is not surprising, for they all wear the same trim green uniform of Senior Girl Scouts.

These are continuing a 50-year-old Girl Scout tradition of international friendship. Each year, hundreds of teen-age girls and adults participate in an international exchange program sponsored by Girl Scouts of the U. S. A. and carried out with other member countries of the World Association of Girl Guides and Girl Scouts. The movement in the World Association's 51 member nations numbers more than 5 million girls and adults.

Carefully selected Senior Scouts participate in international encampments and other events both here and abroad. They engage in international service projects which offer them an opportunity to meet and share experiences with girls of different cultures.

In the last few years, these junior ambassadors of good will have traveled to Canada, Mexico, European countries, Latin American countries, Australia and the Far East. In turn, Girl Guides from 25 countries attended the 1959 Senior Round-up in Colorado and a high set of States Wilderness Council last year in Oregon. They have shared with American Girl Scouts in service projects including one for handicapped children in the eastern states in 1960, another for underprivileged children of Puerto Rico in 1959.

Many of these girls attend international gatherings held at the international resident centers maintained for Girl Guides and Girl Scouts by the World Association. Our Cabana near Cuernavaca, Mexico and OUR CHALET in Adelboden, Switzerland. Many who are visiting in England stay, while in London, at the World Association hotel, Our Ark. Most of the exchanges enjoy home hospitality with Girl Guide or Girl Scout families during part of their trip.

The major portion of the participants' expenses is provided by the Juliette Low World Friendship Fund. The fund is supported by voluntary contributions — pennies, nickels and dimes — from Scouts of all ages across the United States.

To help carry on the exchange program along with other Girl Scout Associations the Custard Apple Neighborhood Girl Scout Association, Belle Glade will be host to the Cypress Neighborhood Association, Pahokee at an annual Ingathering at the Belle Glade Community Center Friday, March 30 from 4:40 to 8:30 p. m.

All girls will wear their uniforms and bring a nose bag lunch. Games and songs will mark the entertainment in the afternoon and the highlights of the evening program will be the presentation of Dimes for Daisy and a special film commemorating the 50 years of Scouting entitled "Something for the Girls."

Exchange programs under the Juliette Low World Friendship Fund are not limited to the girls. Adult members of the Girl Scouts and Girl Guides are sent on special three-month assignments with sister organizations in other countries or participate more briefly in international meetings for adults in the movement. They share their own special knowledge and abilities with local Girl Guide or Girl Scout groups and acquire new skills and understanding of other peoples.

Gator League

Cook's Truck Stop in first place with 70 pts., Everglades Federal Savings and Loan, second with 63 pts., Ina's Beauty Shop, third with 59 points. Angels Bros. Texaco rolled 767 team games of 628 and 596 and high team set 1750. Cook's Truck Stop rolled second high team set 1696. High single game honors went to Glenda Broome with a 170 game and a high set of 433. Mary Lou Campbell rolled second high game 165 and second high set 394. Glenda picked up a nice split of 3-10.

Gladiators League
Terry's Beauty Salon in first place with 67½ pts., Glades Lanes second with 69, I. D. Walker and Sons, third with 56. Terry's rolled high game 2151 and high team game 767. Glades Lanes rolled second high team set 2091 and second high team game, 723. High individual games were rolled by Martha Brane, 174-181 for high set 514. Mary Richmond rolled 184-180 for 403 set; Madeline Gough, 181-477; Doris Jones 173.

Muck League
Bean Bros. are out in front with 87 pts. Gene's Bait Shop, 70 Duda and Sons, 64. Those having over 200 hundred games were Bill Graber, 223-204-169 for high set of 626; Jack Scott, 221-539; Everett Fisher, 219-570; Jim Norman, 215; Don Bennett, 212-547; Ralph Harrell, 213-508. High team set was won by Gene's Bait Shop, 2466; also high team game 885.

Rockettes League
Connell's Gulf have 75½ pts. for first place. Duda Farmettes have 70; Jeri's Bay of Beauty had 61. High team game and high team set was won by Keen Real Estate with 729-2103. High individual scores were Frances McLeod 192-540 and Evelyn Sowers, 166-445.

Merchant's League
Connell's Gulf Service in first place with 77½ points. Glades Coffee Shop in second place with 68. A Duda and Sons, 55½; South Bay Growers, 63. Tom Laney rolled a 233 for high individual score Tom Downey second with 230. D. A. Davis 184-215-204 for high set 603; Bill Hill, 180-181-190-561; Lebron Williams 171-180-195-565 Lewis Kelson 197-180-182-559. Dave's Palm Beach Shop rolled high

Frank Matthews Pledges Pi Kappa Phi Fraternity
Frank Matthews, freshman at Florida State University has pledged Pi Kappa Phi social fraternity. A pre-engineering student he is an honor graduate of Belle Glade High School. His parents are Mr. and Mrs. D. W. Matthews of 809 N. S. First St., Belle Glade.

In Service

Louis W. Friedheim received his discharge from the Army at Fort Sill, Okla., on March 1 and arrived here recently to re-join his family. He plans to finish his college education, probably beginning in June.

He joined the army Dec. 1958 and served 29 months in Germany. He is a graduate of Belle Glade High School and attended Spring Hill College in Alabama. "It's good to be back home as a civilian," he remarked.

Leland F. Rennolds, fire control technician third class, USN, son of Mr. and Mrs. Earl E. Rennolds of 1108 W. Palm Beach Rd., Belle Glade, Fla., was awarded "Silver Dolphins," emblem of a qualified submariner, Feb. 8, while serving aboard the submarine USS Tarant, operating out of Key West, Fla.

He achieved this distinction after successful completion of a rigorous seven month training program, during which he familiarized himself with every aspect of the submarine's physical characteristics and capabilities.

He entered the service in June 1959.

Navy Lt. Joseph R. Wright, son of Mrs. Dorothy N. McDonald of Belle Glade, Fla., is serving with Fighter Squadron 102 at the Oceana Naval Air Station, Virginia Beach, Va.

Squadron pilots operate from the deck of the world's first nuclear-powered aircraft carrier, the USS Enterprise. Flying the McDonnell "Phantom II" fighter — interceptor aircraft, squadron personnel conduct training flights to maintain a high degree of efficiency in aircraft equipped with the "Sparrow III" and the "Sidewinder" air-to-air missiles.

team game 915 and high team set 2613; Connell's Gulf rolled second high team game 886 and second high team set 2564.

Cub Scout Pack Presents Awards

Awards were presented at Cub Scout Pack 622 meeting held at Jameson Hall. Robert Hooker presented Wolf Badges to Jimmy Urwin, Rick Roth, Billy Norris, Ronny Lottes Carl T. Cone. Jim Snow gave out Bear pins to Billy Morris, Jimmy Bedsole, Keith Cook. Pellon Morris awarded Mark Cisson with Lions award.

neo and Hula dancers with straw skirts. They received much applause for their efforts.

The meeting opened with the Cub Scout promise by Herb Chapman. Dicky Snow giving the Cub Scout law and the Cub Scout Pledge by Paul White. The pack now has a total of 35 cubs.

Gold Arrow points were given to Carl Cone, Billy Norris, Ronny Lottes, Billy Thiebaud, Mark Cisson and Paul White. Silver arrow points were presented to Carl T. Cone, Billy Norris, Bryan Moore and Roy Carlson. Craig Cooper was welcomed to the pack as a new cub and Den 3 and Den 2 won the attendance winner.

CARD OF THANKS
To Drs. Brown and Tudula, Mr. Saunders and Mr. Wright and everyone at Belle Glade Memorial Hospital, again may I say "Thanks Be Unto God" for people like you. As always your care of me, during my recent illness, was the best, and to the many friends for your prayers, beautiful flowers, gifts, cards, visits, telephone calls, thank you and may God bless you and keep you ever in His care with my prayer.

—Agnes Baker

GLADES CHURCH NEWS

The Herald welcomes news items from your church each week. Call WYman 6-2546 not later than Tuesday noon for publication Thursday. KATHLEEN LIVINGSTON, Church Editor

Public Invited To Sing At Church of God Tonight

The public is invited to a singing beginning at 7:30 p.m. at the Church of God, Belle Glade, corner S. E. Ave. E and 3rd St. The Church of God of Prophecy, Pahokee will be guests among others participating. There will be special singing by the Church of God Trio and others.

If you like singing, come out Thursday night and join in the sing.

Father, if thou be willing, remove this cup from me: nevertheless not my will, but thine, be done. (Luke 22:42). During my sister's illness, I learned the importance of obedience. When she was in bed, she obeyed the doctor's orders completely. She did not refuse the shots. She ate only the food the doctor recommended though she did care for it.

Almighty God is a spiritual doctor for us. He created us and knows everything about us, what is wrong with us, and what we are capable of doing if we yield our lives to Him. Sometimes the things He asks of us seem almost impossible, yet we must obey God even if it puts us in very hard circumstances. Jesus himself was willing to suffer death that the world might be saved.

When we surrender our wills to God and obey His commands, we find He uses us in helping many others. At the same time He will put right whatever may be wrong in our own lives. PRAYER: O Father, we thank Thee that Christ was willing to give Himself on the cross for our sins, that we might be reconciled to Thee. Help us this day to say, "Not my will, but thine," and to obey Thy commands as they are revealed to us. We ask this in the name of Christ our Lord, Amen.

Church of Christ Study

God's Law Of Creation And Propagation

Friends, do you have a few minutes to read and study the vital theme of God's Law of Creation and Propagation? Let's divide this theme into three parts and notice the similarity of each. Let's refer to these parts as the vegetable kingdom, the animal kingdom and the spiritual kingdom. Let's think of them one at a time and in order.

For example, let's think of the vegetable kingdom. As you look at a beautiful tree loaded with fruit, do you think of how we got it? How did it get into the vegetable kingdom? Was it an accident? Did it just happen? Or was there a designer behind it all? Of course, the Law of God is behind it all. In Gen. 1:11-12 we find God created trees and plant life full grown. That is how He got the vegetable kingdom started; in fact, a miracle was performed creating trees, plants and vegetables, and then He put the law of nature into action.

The vegetable kingdom is kept alive and active by the planting of the seed, which is within the tree or plant (Gen. 1:11-12). This requires three things, namely good seed, someone to plant the seed, and a field or place (soil) to plant the good seed. When the life that is in the seed comes out of the soil, a new plant has been born into the vegetable kingdom. This is God's law of propagation for the vegetable kingdom and there is absolutely no exception to it. Every seed produces after its kind. Corn seed will not produce watermelons, etc.

Now let's look at the kingdom of man. A man and a woman performed a miracle in creating man from the dust of the earth, and FULL CROWN (Gen. 2:7) made woman, his helpmate. Is God still making man and woman this way? What is His law of propagation for man? Just as in the previous kingdom, seed is needed, that is, within man. He is the sower of the seed, and the Word of God is the field wherein the seed is planted. When the life that is in the seed comes forth at birth, the child is then in the kingdom of man. It becomes part of his family and takes his name. There is no exception to God's law of propagation for man.

Now the last, but not the least, is God's spiritual kingdom, or the church. A miracle was performed when the church was established (Acts 2:1-4 and Acts 2:47, 1st Cor. 12). But does He keep the church on earth by a miracle? Just as in both kingdoms mentioned above, good seed (the Word of God, Luke 8:11) is planted by the teacher (sower) (John 8:44-45) in the field (the heart of man, Luke 8:15). And when this seed is effective because of man's honesty and his desire to go to Heaven, He will "believe in Christ, repent of sins, confess Christ, and be baptized" as the Spirit directs through the Word of God. He is then born again, born into God's kingdom, church and family. He then takes the name of Christ by wearing the name Christian, And if He lives faithfully to the Lord, He will be home in the last day of eternity. This is God's law of salvation, and propagation for the church, or spiritual kingdom. And there is no exception to it. We cordially invite you to come and study with us at 128 N. W. Avenue D each Lord's Day.

Services Held In Pahokee
Funeral services for Mrs. Margaret Moore Ellarbee, 80, of Pahokee, who died Saturday night after a long illness, were conducted Monday at 10 a. m. at the First Methodist Church, Pahokee with the Rev. Robert Shelley and Rev. C. T. O'Steen officiating. Burial was in Greenlawn, Ga. at 3 p. m. Tuesday.

Mrs. Ellarbee had been a resident of Pahokee for 35 years and was a member of the First Methodist Church.

She is survived by a grandson, Harry Brooks Ellarbee and one grand grandchild.

Community Methodist Church To Hold Missionary Banquet Wednesday Night

The study of the missionary unit "Latin American Lands in Focus" will be terminated at a missionary banquet in Jamestown, N. Y. Wednesday, April 4th at 7:00 p. m. After the banquet the program will include a demonstration of direct long distance telephone dialing sponsored by the Bell Telephone Company.

The long distance calls will be made to Dr. Eugene Smith, New York City, who will discuss the social and religious needs of the people of Latin America. Dr. Smith, the Director of Foreign Relations of the Methodist Church, has just returned from a Missionary Conference in South America. Another call will be made to Miss Lucille Colony, who also attended the Missionary Conference in South America. She will discuss the missionary program of the Woman's Society. Other demonstration calls will be made to other points served by the telephone company.

Four special tables representing Brazil, Mexico, Panama and Bolivia, will be decorated in the native theme and in costumes. Each table will present a short program of entertainment. Tickets will be available from members of the Commission on Missions and the Woman's Society at \$1.25 for adults and 75¢ for children twelve and under. While this will deal specifically with the Methodist program, other interested persons will be very welcome. A nursery will be provided for small children.

SERMON TOPICS

First Baptist Church — "How To Keep Young" will be the subject of the Rev. Luther A. Key, minister, at the morning service. At the morning service he will speak on "The Ideal Witness."

St. Peter's Lutheran Church — The Rev. O. E. Trinklman, pastor, will speak at the divine worship service Sunday a. m. on "The Law of Propagation." At the mid-week service Sunday at 8 p. m. the sermon topic will be "Christ."

Community Methodist Church — Rev. Rustin will bring the sermon message "When Satan Leaves" at the morning service, and at the evening service the minister will continue the study "Latin American Lands in Focus" dealing directly with Chile and Peru. A sound motion picture on the work in Chile will be shown.

First Baptist Church S. Bay — Where Do We Go From Here? The Rev. J. H. Merriam, pastor, will speak at the morning service of Rev. James Fenton, and at the evening service the youth Week Pastor will be in charge of the service.

L. Harbor WSCS Names Nominating Committee
The Woman's Society of Christian Service held its regular monthly meeting Monday night with Mrs. Hemphill presiding. The devotional were given by Mrs. Lester Gerry.

A short business session was held with the following appointed to serve as nominating committee, Mrs. H. D. Merriam, Mrs. R. L. Saxon and Mrs. Lester Gerry.

Those taking part in the program were, Mrs. John D. Hemphill, Mrs. Marvin Lee, Mrs. J. O. Jamison and Mrs. H. D. Merriam.

A social hour was enjoyed with Mrs. Gerry serving refreshments in the Sunday School rooms.

Globe 'Hot Spots' Brew Trouble For Lutheran

The Lutheran Hour—international radio mission of the Lutheran Laymen's League—is not immune to the tensions and strife which are becoming increasingly evident in today's world, reports Dr. Walter R. Schur, chairman of the Lutheran Hour Operating Committee.

For example he cited reliable information which indicates Lutheran Hour broadcasts in Castro-controlled Cuba ceased in mid-December. When India recently occupied Goa, the Lutheran Hour was forced off the air. All-India Radio, which is government owned, carries no Christian broadcasting.

Dr. Schur told of this incident in an African trouble spot. A bombardment of the adjacent Katanga headquarters in Elizabethville knocked out Radio U.P.A.C. However, the station switched to a supplementary transmitter, and Lutheran Hour programs in French and English stayed on the air until Jan. 15 when the Katanga government took over the facilities.

We can only pray that the Lord will bring about a change of conditions which will allow the Lutheran Hour to again bring the message of the Word of God to the millions of people in these lands." Dr. Schur said. The Gospel broadcast is heard each week by 30,000,000 persons as programs in 40 languages reach 115 lands.

LUTHERAN HOUR TOPICS

April 1 — "Say Your Prayers"
April 8 — "Living Confidently"
April 15 — "The Wordless Cross"

April 22 — "Life Through Death"
April 29 — "Lost and Found"

Sammy Gambill In WPB Hospital

Sammy Gambill, of South Bay, had major surgery at Good Samaritan Hospital West Palm Beach on Monday. He is holding his own and is slowly improving. He is the son of Mr. and Mrs. Joe Gambill of Osceola Center, Belle Glade, and is married to the former Sandra Oyster.

Thousands Crowd Parade Of Homes

Robert C. Brown, Chairman of this year's Parade of Homes, stated that with the approximately 40,000 visitors last week end, and the large daily attendance this week, the 1952 Parade of Homes will be remembered as the most successful ever sponsored in South Florida.

Cooking schools are scheduled for 2:30 and 7:30 daily, sponsored by the Florida Power and Light Company in cooperation with Westinghouse. Two color movies are offered visitors by Coca Cola Bottling Company, one titled "The Wonderful World" is a fanciful travesty of 17 countries. The second movie is 1961 World Series Highlights, of special interest to men attending. Featured this weekend will be musical vignettes done by the cast of Musical.

Attendance is free, and the Parade of Homes and Home Show, sponsored by the Home Builders Association of Palm Beach County, remains open through Sunday, April 1.

Mr. and Mrs. Roy M. Lane have moved from 132 N. W. First St., where they have resided for many years to the property on S. E. First St., which Mr. Lane purchased from Mr. Hughes.

MAR. 29, 1962 THE HERALD, Belle Glade, Florida Page 3

Dangerous Practices By Driving Mothers

The well-meaning parent who drives his youngsters to and from school each day can be a serious safety hazard, the East Florida AAA Division said, warning against double parking or corner, and if possible, on a different side of the school building from that which the pedestrian children are using.

Arrange, if possible, with the school principal to dismiss children with rides and those who walk from different sides of the school building. Or, dismiss one group slightly earlier than the other.

Do not double-park. Use more than ordinary caution when driving near a school. Have your child sit well back in the seat, preferably using a seat belt.

Look all car doors. Children can be taught to do this for themselves.

Double parking. This creates a hazard for other children who must cross the street and sets a bad example in its disregard for the law.

Stopping on the crosswalk. This is unfair to the youngsters crossing the street and to the School Safety Patrols who deserve your full cooperation.

Pulling in front of a school bus. In a last minute dash to get their child on the bus, some parents pull up and block the bus. Such a practice endangers not only the life of their youngster but those on the bus.

The AAA club set forth the following rules for parents driving their children to and from school.

Drive children only if absolutely necessary. Going to and from school on their own can teach youngsters self-reliance.

Wherever possible, pool rides with neighbors to reduce the

number of cars going to and from the school area.

Have a designated location to meet your child. This should be on the school side of the street, away from the crosswalk or corner, and if possible, on a different side of the school building from that which the pedestrian children are using.

Teachers Will Attend Workshop

Water color painting with Artists water colors is one of the art techniques which teachers from Palm Beach County Board of Public Instruction will "learn by doing" at an Art Workshop conducted by Miss Elizabeth Bell art consultant for Binney & Smith Inc.

The Workshop will be held on April 11, 12 and 13th in Belle Glade Elementary School.

45 teachers from Glades area schools of the Palm Beach County Board of Public Instruction will attend an Art Workshop on

PUBLIC NOTICE

LEGAL NOTICE

Notice is hereby given by the Florida Cery Advisory Committee established pursuant to Markings under No. 2 for Florida Cery, that any person in the State of Florida who intends to harvest cery during the period October 1, 1962 to June 1, 1963 must have a base quantity of 100 cery. Any person who harvests or ships cery during this period without a base quantity shall be guilty of a misdemeanor and shall be liable to the State of Florida for the cost of the cery. Notice is also given that any person who did not produce cery during the 1961-62 season and who has no base quantity shall be liable to the State of Florida for the cost of the cery. Notice is further given that the Florida Cery Advisory Committee will receive applications from new growers for the establishment of a base quantity and applications from current growers for the transfer of base quantities during the period April 15, 1962 to May 15, 1962. The Florida Cery Advisory Committee is located at 4001 East Colonial Drive, P. O. Box 6702, Telephone Cery 1-4235, Orlando, Florida. The deadline for submission of the application shall be May 15, 1962. Applications received after May 15, 1962 will not be considered for the 1962-63 season. JAMES D. COLBERT, SECRETARY-TREASURER, FLORIDA CERY ADVISORY COMMITTEE. Pub. Mar. 29 and April 12, 1962

Mile Relay — Riviera Beach, 3:56.5.

April 11, 12, and 13, 1962, at the Belle Glade Elementary School, it was announced recently by H. L. Watkins, superintendent of schools. A free educational service provided by Binney & Smith, Inc., manufacturers of "Crayola" and other school art supplies, the workshop will be conducted by Miss Elizabeth Bell, who has taught extensively and holds a Master's degree from Columbia University. The teachers will spend fifteen hours of their own time learning more about modern creative art education and some of its materials and tools. They will learn by doing, rolling up their sleeves and trying out the art techniques presented by Miss Bell. These techniques will include some of the uses of water colors, poster paints, finger paints, colored chalks, and modeling clay, in addition to crayons. Simple creative craft techniques will also be presented, giving teachers an opportunity to work with paper, paste and other materials to gain three-dimensional effects. All of the Art Workshop Activities will be experienced while the teachers can relate to their own classroom teaching. School officials responsible for the Workshop arrangements, in addition to Supt. Watkins, include Mrs. Clara H. Capron, Dir. of Inst., and Mrs. Margaret Mosley, Glades Supervisor.

Third Place

Cuban Corner

Noticias de Los Cubanos
During the Wednesday Adult Education class in English to Foreign-born, special attention was given to Food. Terms of recipes were interpreted, and members of the class expressed intentions of trying out American cooking.

The following paragraphs were written for use in this column:
About the news of Guatemala, sometimes I am very happy about this, because I think the people of America understand the problems of Cuban people. This Communism is very terrible. Now there are very many Cuban Reds in Guatemala fighting and killing Guatemala's people. Sometimes I believe it is the end of our crisis.

—Mrs. Carmen Blanco
In February I went to visit my folks in Puerto Rico. For the first week, I had plenty of rain. The second week I went to the doctor for a check-up. The rest of the time I had great fun driving through the island. One Sunday my husband and I went to eat fried fish three and one-half hours distance on the road to Juncos. I love to go and play Bingo, so I enjoyed almost every night. By the third week I heard from my daughter that the two youngest children were at the hospital in Madrid, so I flew to Spain, taking their doctor from Puerto Rico to take care of them. By the next Thursday, we all returned to our country, and today the children are recovering well thanks to God. My husband and I spent one week more in Puerto Rico before we flew to Belle Glade.

—Mrs. Alicia I. Hutchinson
Last Sunday I had a visit from Mr. and Mrs. Felipe Sagastume. They are our friends from Cuba. They are the mother and father-in-law of my husband's nephew. I am very glad that they have moved to Belle Glade.

Every day we have more Cubans here at Belle Glade. Last night we had a visit from Mr. Marcos Pedron. He used to live in Cuba in the same city as we lived in. Now he is working at Talsman, and lives here. Soon Mr. Emilio Echave's family will move close to my home; I say "Welcome" to the new neighbors.

—Mrs. Jose Ruiz
My wife gave birth the second of March to a boy. It's the fifth. We now have four boys and one girl. We will move to Belle Glade next week. Our address will be 408 S. 1st Street.

—Mr. Emilio Echave

The only news that I may offer is that last Saturday I went with my wife and my three children in my car to Key West. We liked Key West very much, because it reminded us of Cuba.

—Mr. Paul Travieso

Only a few little words to express our gratitude to an American City and especially to Belle Glade for the so affectionate refuge which has been offered us, the blessings that we have had, the concern for us, for our problems, and for our families. And we are moved, and indeed we like this, because I think

If God desires that some day we are able to return to Cuba, Belle Glade will occupy a special place in our hearts, and we promise, if God gives us strength, to return to this city which we will never forget. Now I only wish to say, very loudly, thanks, many thanks, to all.

—Mr. Secundino Blanco
(Belle Glade, the Best City of Florida).

Mr. Carlos Fernandez, who is employed by Talsman Sugar Company, became a new member of the class.

Rebekahs To Send Easter Greetings To Odd Fellows Home

Members of Belle Rebekah Lodge voted to send Easter cards to Odd Fellows Home at Gainesville at the bi-monthly meeting of the group held at the Community Center. Each member will bring a card and inclose a dollar. Names will be taken from a list set up so that each one will receive a personal Easter greeting.

Included in the other business the club elected Mrs. Iversie Ashley to fill the post of secretary left vacant by the resignation of Mrs. Jane Persley.

A letter was read from the Lake Worth and West Palm Beach lodges informing the club that two bus loads of members will join the local club at their next meeting on April 3 at the Community Center.

Mrs. Myrtle Howard, worthy grand president. Following the meeting a social hour was enjoyed with Mrs. Ethel Jones and Miss Kathleen Rogers serving refreshments of punch and brownies.

Home-Purchased Loans Down In Fla. for '61

Home-purchase mortgages recorded in Florida last year numbered 189,929 and involved a total of \$1,527,149,000, the Florida State Chamber of Commerce said yesterday.

"Both number and amount of mortgages last year were the third highest on record, 1959 being top year. Compared with 1960, last year's number of mortgages dropped 7 per cent and the amount, 9 per cent. National, there was a 6 per cent gain in the dollar volume of these home-purchase mortgages.

"Mortgages included in these figures are those of \$20,000 or less (as reported to the Home Loan Bank Board) and are secured almost entirely by residential properties although some small business properties are included.

"Savings and Loan Associations were the original lenders of \$634,246,000 for home-purchase in Florida last year, up 4 per cent over 1960, and commercial banks handled \$117,873,000, up 9 per cent. The balance of the mortgage money was loaned by insurance companies, individuals and government agencies, each of which fell below their 1960 totals.

"Four counties in the state are reported separately and account together for 45 per cent of last year's state total. Dade had a volume of \$445,034,400, down 12 per cent from 1960; Pinellas \$113,847,600, down 18 per cent; Duval \$109,420,100, down 11 per cent and Lake \$16,335,600, up 2 per cent. Incomplete data showed monthly averages for the latter part of last year: ending \$13 million in Broward County; \$7 million in Orange and \$3 million in Volusia."

Davis Top Bowler In Glades Tourney

The first annual Glades Championship Tournament was held the past two weekends at the Glades Bowling Lanes in Belle Glade. One individual was the standout in the affair, as D. A. Davis, a member of the South Bay Growers team went away with top honors in the scratch and handicap divisions of the singles event, and also both divisions of the all events. Davis also led his South Bay Growers team to victory in the scratch team event, and to a tie with Radio WOVY of Clewiston in the handicap team event.

Scratch Division Winners are As Follows:

Team Event — South Bay Growers — 2503.
Singles — D. A. Davis — 624
Doubles — Jerry Grogan and Benny Richmond — 1112.
All Events — D. A. Davis — 1711.

Handicap Division Winners are As Follows:

Team Event — Radio WOVY South Bay Growers — 3152.
Singles — D. A. Davis — 726
Doubles — 691
Solen Hinson — 698
Willie Lee — 684
Dan O'Brien — 668

GI Life Insurance

Dividends Payable
More than a million veterans who hold GI Life Insurance policies are using their regular annual dividends to guard against the loss of their insurance. The Veterans Administration said today.

The VA recently announced that more than \$6,000,000 in dividends would be paid during 1962 to over 119,868 Florida veterans and servicemen who hold participating GI Life Insurance.

If they wish, GI policyholders may have these annual dividends held — with interest — by the agency as a credit to meet monthly premiums should the policyholders fail to pay them before the end of the 31-day grace period, F. L. Preber, Officer in Charge of the VA Office, West Palm Beach, said.

These dividends are subject to withdrawal by the policyholder on request.

A policyholder who wishes to join those veterans who leave their dividends on deposit with VA for this purpose should write to the VA Insurance office which serves his policy, making sure to include his insurance number.

Farmer-Borrowers Enjoy Low Rates Thru Farm Credit Administration

R. A. Dorr, President of the Federal Land Bank of Columbia, S. C. told a group of Glades farmers Tuesday night that "through the resources of the Bank, backed by the resources of community groups, such as the Production Credit Associations, and the farmer himself, we are able to go into the money market and secure cash at from 15 to 40 points over the current rate of similar government paper, thus affording the American farmer operating capital at the lowest possible interest rates."

Associations, such as the Miami PCA, efficiently managed, add the administrative costs, plus a small margin of safety, and pass the money on to the farmer, it was pointed out.

When a member of the audience remarked that Farm Credit Administration is one of the few government-sponsored organizations serving the public without cost to the taxpayer, Mr. Dorr pointed out that there are no such organizations in the United States.

Mr. Dorr pointed out that there are no such organizations in the United States. He said that the Bank of Cooperatives of Columbia, S. C., is the only one of its kind in the world.

Mr. Dorr said that the Bank of Cooperatives of Columbia, S. C., is the only one of its kind in the world. He said that the Bank of Cooperatives of Columbia, S. C., is the only one of its kind in the world.

"Do It Yourself"

Even the part of the coloring could have been from the three or four dead rats found in the manure, there is an argument that the heat and alcohol made that harmless, compared to the potency and effect of the finished product.

Lieutenant Lowery and Sergeant Folsom, with Mr. Shiver looking on, reconstructed the "do it yourself" still captured in Belle Glade recently.

Another raid by the above, plus officers Chisholm and Farrell, netted another person charged with illegal manufacture of alcohol stills.

Ev. Federal Officers Attend Convention

Mrs. Ethel Blair has returned from Philadelphia where she attended the annual convention of the United Methodist Church, and the National Association of Evangelists and Loan Associations.

H. B. (Bunny) McCall, attended the 57th Annual Convention of the United Methodist Church, and the National Association of Evangelists and Loan Associations.

The institute is a branch of the Federal Savings and Loan Associations organization devoted to educational activities of its members through personal attendance at classes, as well as through extension courses.

Mrs. McCall accompanied her husband on the trip as well as on a weekend trip to New York City, following the convention.

NEGRO BIRTHS

Nathan and Oweader Harrell daughter, 3-23-62, Belle Glade, Florida.

Badie and Omelia Lawrence son, Tommy Lee, 3-24-62, Belle Glade, Florida.

Robbie and Roberta Dukes daughter, Joan Sella LaLune Dukes, 3-25-62, Pahokee, Florida.

Woman Survives Violent Attack By Unknown Man

Ola Belle Earlsay, 20-year old female negro, reported to Police Chief Marvin Davis of South Bay that she was stopping after work at a girl friend's house to pick up a radio, a man came up behind her and "put a knife around her neck."

Her screams did not prevent a scuffle during which she received severe lacerations on the face and neck plus being stabbed in the abdomen and liver.

Though it was "tip and tuck" as to her chances of recovery for a while early Monday morning, the Belle Glade Memorial Hospital reports that Ola Belle is doing fine.

Ola Belle reports that her assailant wore a red sweat-shirt and a white cap, but she doesn't know him. She had the blood covered weapon when Chief Davis arrived on the scene.

The Chief is looking for those who answer the meager description given.

Proposed New Works Will Widen and Deepen WPB Canal Channel

Among the items to be discussed this week in Washington with the Florida Delegation by C & SF PCD officials is a project to widen and deepen the West Palm Beach canal channel from Twenty-Mile-Bend to the coast.

This project was reported on by the US Engineers under congressional authority, and it is estimated that the benefits ratio are 5 to 1.

Remaining: Florence Payne, Herbert Bell, Wessel Bent, Lloyd Bowra, John Mason, James Bradley, John Sanders, Velma Atkins, Mel Clemons, Althonda Ridley, Ben Austin, Gladys Hall, Linda Gaines, James Smith, Frank Taylor, Roosevelt Davis, James Hunter, Chester Williams, Annie Giles, Tom Williams, Michael Daley, Isadora Adams, Antonio Howard, Mary Spicer Lett Pettis, Oliver Wilson, Christine Johnson, Calvin Clay, Viola Hall, Ivan Joseph, DeWitt Cameron, Edmond Mitchell.

Stocker Cattle In Great Demand At Glades Market

Looking the prices below over carefully, tells the story of the demand for stocker cattle in the Glades. The demand is helped in the fact that it has rained all over south Florida. We need several thousand stockers immediately weighing from 500 to 700 with most desirable weights being around 600-650 lbs. Anything that will put on weight in a market here. Slaughter buyers are begging for cattle. Cal prices are high.

Spring time is stocker time in the Glades. Bring your cattle now to Your Glades Livestock Market.

The offering this week was 55 percent to Slaughter, 45 percent to Stocker, 24 percent of the run was Cows, 33 percent to Slaughter. A total of 427 head (145 Calves, 285 Other) sold for \$45.45-53.

Slaughter — Steers, Heifers, Cows and Bulls steady; Calves steady to 1.00 lower.

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF BELLE GLADE, FLORIDA, PROCLAIMING FRIDAY, MARCH 30TH AS DOCTOR'S DAY.

BE IT AND IT IS HEREBY RESOLVED BY THE CITY COMMISSION OF THE CITY OF BELLE GLADE, FLORIDA, THAT:

WHEREAS: Mayor Clyde Parrish, has proclaimed Friday, March 30th as Doctor's Day in recognition of the tremendous advances that have been made in the field of Medical Care in the last half century, and as a tribute to the Doctors of our community, who have contributed so much to the other members of their profession, in rendering to our Nation the finest medical care in the world, and

WHEREAS: This particular date has been chosen in commemoration of Dr. Crawford Long of Georgia, who during the Civil War, was the first doctor to use ether anesthesia in surgery. Since 1935 throughout the nation, this has become a day set aside as a tribute to all members of the medical profession, and

WHEREAS: This observance does not extend beyond the members of the medical profession and their wives and families, it is appropriate that the City Government extend its greetings on behalf of all citizens.

NO WHEREFORE BE IT RESOLVED: That the City Commission of Belle Glade, Florida, does extend to the members of the medical profession and their wives and families, its greetings and appreciation on behalf of all citizens.

PASSED AND ADOPTED THIS 27TH DAY OF MARCH A. D. 1962.

Mr. and Mrs. J. T. Mackey of Leesburg, Alabama are house

Council Approves Plans For Ball Park

The South Bay City Council approved by unanimous vote a plan to provide an additional ball park in the city for the large or boys and to build a fence around the new water tower, at the Thursday meeting.

Appeals and comments from citizens also brought forth Jim Neathery who offered his help with the boys scouts. Police Chief Marvin Davis is scout master and Warren Brown, assistant scout leader. Davis asked for permission for the troop to pitch a tent and build campfires at Jeffries Memorial Park on the second weekend in April 6-7-8 when Mr. Neathery will give the boys instruction. There are 19 boys in the troop with about 14 in regular attendance.

Clayton Waters, assistant leader of the Little League Ball Team, also spoke to the council on the facts and importance of helping the boys in the city in the way of Little League teams.

REFINERY PACKED

Are YOU Wondering...

Like so many other people, whether you should buy new furniture, or have your old upholstered.

If so, please read this ad!

The first consideration should be, do you like this particular piece of furniture, the style and comfort qualities.

The second thing to consider, will your furniture be a good or better than the original. The answer, very simple, the fabric, more than any other thing determines the value of your furniture. Manufacturer's fabric is usually much cheaper than you would use to upholster your furniture.

The third consideration is the assortment of fabrics that are available to you. We have hundreds of fabrics and colors, all prices, colors, patterns, finishes and quality. Your upholstered piece can be original.

The fourth consideration is the cost. This varies with every piece of furniture. It is determined by the style and complexity of each piece, plus the cost of material used. The total upholstered cost in relation to the original cost also varies. If you have good furniture, the cost will be approximately one-half the original cost.

If you are still wondering, then call us today we will be glad to give you a free estimate, and help you in any way we can to make a decision.

The number is YU 2-5831!
